

**Roselle School District 12**  
**Google Apps for Education Permission Form**

Dear Parents/Guardians,

Roselle School District supports the use of Google Apps for Education accounts for students and teachers. The use of Google Apps supports our desire to have students create, collaborate, communicate, and use critical thinking skills in the learning process. The most important aspect of Google Apps for our current work with students is access to Google Docs. Google Docs allow students to create and share word processing, presentation, and spreadsheet documents online, and to collaborate with both peers and teachers on projects. Students are able to log into their Roselle Google Apps account at home, the library, or anywhere where Internet access is available. Teachers are able to log into their accounts to provide feedback to students at any time and anywhere an Internet connection is available.

The following services are available to each student and hosted by Google as part of Roselle School District 12's online presence in Google Apps for Education:

- **Email** - an individual email account for school use managed by Roselle D12. ***However, at this time, the email account will be for login purposes only and NOT for sending and receiving emails.***
- **Calendar** - an individual calendar providing the ability to organize schedules, daily activities, and assignments
- **Docs/Drive** - a word processing, spreadsheet, drawing, and presentation toolset that is very similar to Microsoft Office
- **Sites** - an individual and collaborative website creation tool

Using these tools, students collaboratively create, edit and share files and websites for school related projects. School staff will monitor student use of Apps when students are at school. Parents are responsible for monitoring their child's use of Apps when accessing programs outside of school. Students are responsible for their own behavior at all times. Examples of student use include; showcasing class projects, building an electronic portfolio of school learning experiences, and working in small groups on presentations to share with others.

**Technology use in Roselle D12 is governed by federal laws including:**

**Children's Online Privacy Protection Act (COPPA)**

COPPA applies to commercial companies and limits their ability to collect personal information from children under 13. By default, advertising is turned off for Roselle School District 12's presence in Google Apps for Education. No personal student information is collected for commercial purposes. This permission form allows the school to act as an agent for parents in the collection of information within the school context. The school's use of student information is solely for education purposes. <https://www.ftc.gov/tips-advice/business-center/guidance/complying-coppa-frequently-asked-questions>

## **Guidelines for the responsible use of Google Apps for Education by students:**

1. **Official Email Address.** All students will be assigned a user account. This account will be used for account login purposes only and the E-mail functionality is disabled.
2. **Conduct.** Students are responsible for good behavior just as they are in a traditional school building. Students are not permitted to use obscene, profane, threatening, or disrespectful language. Communication with others should always be school related. Students should notify the teacher of anything inappropriate or that makes them uncomfortable. Bullying will not be tolerated, and the privacy of others should be respected at all times. All provisions of the Parent/Student Handbook, including the Authorization for Electronic Network Access Form, apply to student use of Google Apps for Education, whether access through the District or outside of school.
3. **Access Restriction.** Access to, and use of, student account is considered a privilege accorded at the discretion of Roselle School D12. The District maintains the right to immediately withdraw the access and use of these services when there is reason to believe that violations of the law or District policies have occurred. In such cases, the alleged violation will be referred to a building administrator for further investigation and adjudication. All use of the Google Apps Account must be limited to legitimate educational purposes consistent with the District's curriculum.
4. **Security.** Students should never share their login information with anyone.
5. **Privacy.** Roselle School D12 and all electronic users should treat electronically stored information in individuals' files as confidential and private. Users of student accounts are strictly prohibited from accessing files and information other than their own. The District reserves the right to access the user's Google account, including current and archival files of user data, at will of when deemed appropriate by administrators.

Please return page three of this document to your child's teacher.

**Students will not be able to access a Google Apps Account without your permission.**
