

Winter 2019 after school programs at Roselle Middle

Tuesdays: Chess Scholars

Develop your child's intellect through the fun game of chess! Current research has shown a strong link between chess and academic performance in a variety of areas, including mathematics and language arts. Also, chess has been proven to enhance motivation, concentration, focus, social skills, and creativity.

No previous knowledge of chess is necessary. Each class will consist of a fun, interactive teaching period and guided practice time. Both new and returning participants are welcome and will get to the next level under the guidance of an experienced Chess Scholars coach. There will also be a chess competition with prizes towards the end of the session! Each child will receive a participation medal and a chess keychain.

Course Time: January 22nd - March 12th, 3:00 PM - 4:00 PM (8 Classes) **Grades 6-8**

Course code: RMR1.22.19 Please register by 1/8 for the early bird price of \$100.00.

Thursdays: Let's Code It

Kool Katz – Your child will have a blast in this exciting new STEM program. Our innovative approach to coding is sure to spark your child's interest in computer science, using a simple, relatable, block-based programming system called Scratch, developed by the MIT Media Lab. The fun filled curriculum stresses critical thinking, creativity, confidence, teamwork, and problem-solving skills to prepare them for the 21st century and beyond. Class topics include video game design, loops, control structure, conditional expressions, control statements, object-oriented design concepts, data structures and variables, and mathematical expressions. Each student will receive an award on the last day of the session, and will have the opportunity to earn Energy Belts to demonstrate their learned skills!
